

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. **NOTE: Information about the cost of this plan (called the premium) will be provided separately.**

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call HS&BA at (800) 635-3105. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible?	PPO <u>providers</u> and Non-PPO <u>providers</u> combined: \$500/individual or \$1,500/family (\$1,000/individual or \$3,000/family if you did not participate in the wellness program in 2019).	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your deductible?	Yes. PPO <u>preventive care</u> , LiveHealth online visit and outpatient <u>prescription drugs</u> are covered before you meet your <u>deductible</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/
Are there other deductibles for specific services?	There are no specific <u>deductibles</u> under your medical <u>plan</u> . (Depending on the dental option that your employer bargains for, you may have a <u>deductible</u> under a separate dental <u>plan</u> .)	Under this medical <u>plan</u> , you don't have to meet <u>deductibles</u> for specific services.
What is the out-of-pocket limit for this plan?	Medical PPO providers: \$1,500/individual, \$4,500/family of 3 or more. Outpatient Prescription Drugs (in-network): \$1,500/individual; \$4,500/family of 3 or more.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have 2 or more other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the out-of-pocket limit?	Medical: <u>Balance-billing</u> charges, penalties for failure to obtain <u>preauthorization</u> , amounts over the reference-based price, dental & vision expenses, health care this <u>plan</u> doesn't cover, Non-PPO <u>copayments</u> and <u>coinsurance</u> except for ER visit, and out-of-area expenses. Outpatient Prescription Drugs: medical, dental, and vision expenses, <u>balance-billing</u> charges, charges for certain brand drugs if a generic is available, penalties for failure to obtain <u>preauthorization</u> , health care this <u>plan</u> doesn't cover, and expenses from an out-of- <u>network</u> or out-of-area pharmacy.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider ?	Yes. See www.anthem.com or call 1-800-810-BLUE for a list of PPO <u>providers</u> .	You pay the least if you use a <u>provider</u> in the Anthem Prudent Buyer PPO network. You pay more if you use a <u>provider</u> that is an Out-of-Area Provider (as you will be <u>balance-billed</u>). You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist ?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

 All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
